

MOGUL CYLINDER AND KEY

APPLICATION:

Many of our locks are equipped with a "mogul-type" cylinder. This rugged cylinder is approximately twice the size of a standard "builder's hardware" cylinder. The mogul cylinder has six-pins with side bar operation. Six tumbler cylinders provide higher security than standard five tumbler cylinder with more combinations available. All cylinders may operate under the same exclusive key, including Southern Steel security builders cylinder, if desired.

NOTE: Master keying available.

TECHNICAL DATA:

- STANDARD FINISH: US26D
- MOGUL CYLINDERS:
Brass
- MOGUL KEYS: Nickel silver
- CYLINDER SIZE: 2" thread
Diameter
- CYLINDER WEIGHT: 1.5 lbs.
- KEY SIZE: 2-3/8" L x 1/8" TK
- TENSILE STRENGTH:
91,000 lbs/in.²
