Located at the Handlery Hotel San Diego

- *Customized* to meet your hardware training needs!
- Three full days of intensive, *hands*-on maintenance training.
- Parts manual provided.

The Western Detention Way

Here at Western Detention, we're known for our great customer service and quick delivery. Often people ask me how we get their orders out the door so fast. Our secrets are a warehouse full of products, a full-service lock shop, and the horsepower to ship your orders fast. It's no surprise that our passion for precision and speed makes you the winner every time.

CLASS

Each session is divided into two categories:

- General Detention Hardware Knowledge
- Facility Specific Maintenance

The purpose of the *General Detention Hardware Knowledge* session is to expose you to a wide variety of detention equipment and the purpose of each one. This will give you valuable knowledge of the available hardware and what products could better meet the needs of your facility in the future.

During the *Facility Specific Maintenance* portion of training, you will learn how to maintain and repair locks and hardware in your facility. As part of your training, you will receive parts manuals which will assist you long after class is over.
